

OUR DOORS ARE OPENING AND YOUR HEALTH MATTERS TO US

We're excited to be reopening our doors and can't wait to celebrate with you and your loved ones. To us, your health and safety is our top priority. In keeping with public health regulations we've implemented new health measures to ensure you have a safe dining experience with us.

HERE'S WHAT WE'RE DOING TO KEEP YOU SAFE:

- We're currently operating at reduced capacity to respect physical distancing regulations.
- We are currently operating on a reservation-only basis to manage physical distancing as best as possible.
- We are currently accepting limited party sizes that adhere to region specific physical distancing regulations.
- We have added additional cleaning and sanitizing procedures to our existing rigorous food safety and hygiene standards.
- We are keeping our restaurants up to date with all public health guidelines as they evolve.
- We have prepared our restaurants with the right tools to respond quickly to emerging developments.
- We have empowered our staff to choose to stay home if they feel unwell or send home anyone showing any symptoms.

We cannot overstate how much we look forward to welcoming our guests back for the legendary food, service and hospitality for which we have been renowned since The Keg first opened its doors in 1971 – nearly fifty years ago. Despite the uncertainty the world has experienced over the recent months, you can count on us to deliver as we always have.

Sincerely,

David Aisenstat
CEO, The Keg Steakhouse + Bar
